

Weatherization and Insulation

Weatherstrip V-Seal

Keep the heat inside with this V-Seal weatherstrip which seals out drafts, prevents heat loss, and improve energy efficiency on doors, windows, attic hatches, and around air conditioners. Pre-scored polypropylene offers outstanding conformability for a positive air-tight seal.

- V-Shaped design for optimal compression 
- All-season draft seal reduces your energy bill 
- Easy installation and customizable size 
- Seals tops and sides of doors and windows 

Prevent Heat Loss

Create a perfect seal on most surfaces with this easy-to-use, self-adhesive weatherstripping that stays flexible and won't dry out.

- Dimensions: 40"L x 1 4/5" H, 17" per roll
- Color: Clear
- Material: Pre-scored polypropylen
